OVERVIEW

On 2014, November, Startup Dope was rechristened to run as a Digital Magazine. Covering the length and breadth of the Startup Eco system around the world. Apart from that we covered Cutting edge technology that would make better, the state of Humanity in the future. We are the scribes, agents of change who would essentially bring out the News, Inspiration and knowledge for the Startup Generation. Not only to get people inspired, but to provide them with tools that will enable them to take action **NOW**.

Great Stories, need to be told.

We cover Early stage startups, a few established ones as well, Cutting edge technology and we don't stop there, we provide the necessary tools for you to **take action**.

NOT A BLOG, BUT A COMPANY.
